**Dremel Offers One-of-a-Kind Projects for Any Season**

*Latest Dremel Technology Helps Add Beauty to the Home and Fun to the Outdoors This Fall*

MT. PROSPECT, Ill. – Sept. 18, 2006 – As summer draws to a close and fall quickly approaches, Dremel is helping consumers change with the seasons by offering unique woodworking and craft projects. From the latest in rotary tool technology featuring Lithium-Ion technology to an innovative glue gun design, the versatility of Dremel tools makes this season's projects approachable and fun. The Dremel 300 Series Rotary Tool and the Dremel Glue Gun® are tools in a class all their own this season.

“Autumn is a time of change and transition,” said Andrea Ash, vice president of marketing, Dremel. “There's no better time for woodworkers, crafters and everyday do-it-yourselfers to spruce up the house for the new season. Dremel will make both indoor and outdoor projects enjoyable.”

**CELEBRATE AUTUMN**

Welcome the changing of the seasons with a customized celebration wreath. Wreaths can be made to highlight any occasion, holiday, or season of the year. Consider using the new Dremel Glue Gun to create an autumn wreath to adorn your front door or hang above a mantle. [Click here](#) for see step-by-step wreath project details and images.

The unique and innovative design of the new Dremel Glue Gun offers the same high quality and functionality that Dremel users have come to expect. Unlike some traditional glue guns, the Dremel Glue Gun is a pioneer in tool technology adding remarkable features like its anti-drip tip and conveniently located on/off switch. In addition to its advanced features that make home projects simple and fun, the Dremel Glue Gun is also loaded with practical features, such as dual-temperature settings and a built-in work light, making DIY projects and crafts

## *Autumn Release 2*

rewarding and effortless. The Dremel Glue Gun retails for \$24.99 and is perfect for every crafting project.

### **GO FISH**

Whether you're avoiding the northern winter freeze and sneaking in the last of your annual fishing trips, or in the midst of the glory days of fishing down south, with a few simple steps and the help of the Dremel 300 Series Rotary Tool, it's easy to make a slow-retrieving spoon lure from an old tablespoon. Complete details and fishing lure project images can be found at [Dremel.com](http://Dremel.com).

Projects like a homemade fishing lure are quick and simple with Dremel. The Dremel 300 Series Rotary Tool features an ergonomic design with finger-grip contours, that provide better comfort and balance. It incorporates new features like wrench storage and a dovetail feature for new attachments such as the Dremel Flex Light. It also has a new shaft lock system with a large, more comfortable collet button for easier accessory changes. The compact tool, with variable speed from 5,000 to 35,000 rpm, gives the user the ability to complete a wide variety of applications with ease, speed and precision. The Dremel 300 Series Rotary Tool is available in a variety of kits ranging from \$49.99 to \$69.99.

Dremel created the EZ Lock™ system to save time and increase productivity when changing cut-off wheels. As simple as *pull, twist* and *release*, the EZ Lock will have you fishing in no time. The EZ Lock Mandrel starter kit, which includes five cut-off wheels, retails for \$14.99.

Dremel tools are available at most hardware and home improvement centers nationwide. For Dremel projects that fit nearly any season, visit [Dremel.com](http://Dremel.com).

### **About Dremel**

Since inventing the high-speed rotary tool more than 70 years ago, Dremel has become the trusted name in high-speed rotary tool technology, providing creative solutions for hands-on professionals, homeowners, craftspeople and artists alike. Dremel's leadership in design and manufacturing has made it the top-selling rotary tool in the world, a reflection of the company's commitment to innovation and quality.

Today, as a wholly owned subsidiary of the Robert Bosch Tool Corporation in Mt. Prospect, Ill., Dremel continues to build upon this legacy with a full line of high-performance rotary tools, bench top products, specialty tools, accessories and attachments, delivering the perfect solution for almost any job. Regardless of what the task may be, users quickly realize they can depend on Dremel to provide the satisfaction of a job well done and done well.
