

MUCH HAS CHANGED SINCE

1932...

... yet our commitment to serving customers with innovative, high-quality, versatile tools remains as strong as ever.

DREMEL®

Back in 1932 Albert J. Dremel didn't just start a company with that first electric razor blade sharpener. He started a tradition of producing ingenious tools that meet customers' evolving needs.

Inside you'll find a timeline that gives a big-picture idea of how Dremel® products have evolved to keep pace with the changing world.

A.J. Dremel's vision of helping professionals, homeowners, craftspeople and artists alike lives on through our year-long 75th Anniversary Celebration.

DREMEL®
